

MARY PICKFORD

comes to us at last in
"Pollyanna"

one of the great stories for which the moving world has long awaited

From Eleanor H. Porter's Novel "Pollyanna"
 Published by the Pops Company
 Screen Adaptation by Frances Marion

"Pollyanna" is the High Priestess of Optimism. She is not merely the discoverer, but the 33rd degree exploiter of the silver lining. The fairies who made sunshine from the cucumbers were insignificant beings to "Pollyanna." She is full of action, sparkle and pathos, and will help you to turn your sorrows, big or small, into gladness.

Jane McKimmon Club.

The Jane McKimmon Community Club met on Friday afternoon, April 30th, at the Harrington school house.

The meeting was presided over by Mrs. John Sandy Covington, Mrs. Kelly, the president, being absent. Mrs. Covington has organized a cooking and sewing club for the younger girls, so they baked bread again. These girls had a contrary stove to cook on, so while they baked bread and quarreled with the stove, we proceeded with the meeting.

First on the program was some clippings read by Mrs. W. *B. Covington. These were very helpful. Then came an interesting talk by Mrs. John Sandy Covington, who always has something to say that is really helpful. She explained to us how we could make old furniture look like new by a new method she had learned. She also told us about the bread campaign to be held the last Saturday in May. The single girls are to send some biscuit from each, and the married women are to send a loaf of bread. Mrs. Covington then asked if we didn't

Welcome Relief From the Tortures of Rheumatism

Can Come Only From the Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

The most satisfactory remedy for rheumatism is S. S. S. be-

cause it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities, and acts as an antidote to the germ of rheumatism.

S. S. S. is sold by druggists everywhere. For valuable literature and advice address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

The subject for next time was agreed upon, it being anything that would be helpful. The members were asked to bring in written papers on anything they preferred. The younger girls are to sew next time. The roll was called and the minutes of the last meeting were read by the secretary.

ENJOYS HIS 3 MEALS A DAY

Mr. Wooten Thinks Much of ZIRON Because It Made Him His Old Self Again.

Sick people do not get much out of life. In order to enjoy your meals, to do your work well, you must be strong and healthy.

Pale, weak, nervous people frequently need iron to enrich their blood and to restore vitality to their system, and a good way to supply the iron is to follow the example of Mr. Clayton Wooten, of Scotland, Oa., who used Ziron Iron Tonic and has this to say about it:

"I have taken Ziron according to directions and I can truthfully say that it is a fine tonic. It has done me all the good. Since I began taking it, I have gained eight pounds in weight and enjoy eating three meals a day. I shall do all I can to recommend Ziron."

Try Ziron! Your druggist sells Ziron on a guarantee to refund your money if the first bottle fails to benefit. You cannot lose anything, but very likely will gain much, by getting a bottle of Ziron, today!
